

**Want to investigate
forested mountain slopes and riverbeds safely and efficiently?**

Then sign up for the 12-day

Field Recovery Search Training

Summer camp training in Portugal for up to twelve participants

18.07.2020 - 29.07.2020

For safety and efficiency.

A practical field training that provides you with knowledge and skills and allows you to function safely and efficiently as a professional field investigator and team member.

Summertime!

Trainings are organized in the summer when students have time.

For the summer of 2020 that 'll be from Saturday, July 18th till Wednesday, July 29th.

Holiday resort

The lodging facility is in a former spa- and bath resort. With your fellow trainees, you will occupy a basic *youth hostel like* lodging facility with beds and meals.

recreation area

Training topics

Health and safety drills, recovery methods and operating procedures, legal and ethical framework, mental resilience, practical exercises on forested mountain slopes, dune area and flooded fields, visit to Coimbra, guided wildfire tour, expert visit and more.

> *Fully detailed program below*

Everything taken care of

Let us do the organization of your trip. It'll go faster and smoother since we have experience. We pick you up at the airport and bring you to your accommodation, take care of the meals, sheets, blankets and towels and fill the fridge upon arrival.

DETAILED INFORMATION ABOUT EVERYTHING

dune search area

Sleep, shower, eat

Place to sleep, shower, eat, drink, talk and relax is the Termas da Azenha in Vinha da Rainha at 35 kms southwest of Coimbra and 14 kms east of Leirosa Beach.

The small-scale cosy complex under Dutch management offers decent facilities and a warm atmosphere in an inspiring folkloric decor.

Check the termas on www.termas-da-azinha.com

Practice, learn and relax

There will be a lot of practical exercise and training, as well as explanation and demonstration. You will learn to apply methods and techniques in sand dunes, forested mountain slopes and rice fields. You will playfully learn how to communicate efficiently whilst operating fieldwork and respond efficiently to situations.

The program also includes a visit to Coimbra plus meetings with experiential experts and local witnesses. Finally, you will be rewarded at the **certification barbecue party!**

> See fully detailed program below

Meet interesting people, enrich your resume, increase career opportunities

Fellow trainees and professional trainers will expand your network.

Since the training is designed for bachelor students in the field of forensic and environmental sciences, archaeology and disaster risk management, you 'll be able to meet fellow students as your future colleagues.

The professionals and experts who provide the training can see what you are worth in the field. You may be asked to join their teams in future., and with the certificate you meet the requirements for an internship and/or volunteer position at Feiteira.

> Please consult 'Feiteira Internships'-brochure for more information about internships.

Depending on the institution policy, participants can earn 3 EC's (European Credits). For credit enquiries contact us with details from your faculty.

students on forest search

Planes, trains and automobiles

If you come by plane, we will pick you up at the airport and bring you back.

In case you benefit the occasion to spend some holidays in Portugal before and/or after the training, we can also pick you up and/or return to Coimbra railway station.

Trains in Portugal are nice, quiet, comfortable, air conditioned and cheap.

Coming by car, you don't need a transfer. Wat you will need is a navigation tool.

Costs and payments

Participation in the training costs 1.425, - €. The price includes two transfers, eleven nights overstay, three meals a day, participation in the training with use of equipment, Coimbra excursion, wildfire tour and certificate-with-barbecue party.

Not included alcoholic beverages, personal purchases and travel expenses for the outward en return journeys to and from home.
